He mentioned in his remark that in a wonderful way Dr. S. R. Yadav sir has focused the biodiversity and the importance of medicinal plants of Northern Western Ghats and how it is being benefited to the people of India. Also the researchers can do the study for further importance of medicinal plants. The session was identical, interactive and informative for all the delegates.

The **First Technical** session was ended at 12.40 PM

After the short break, the **Second Technical session** was conducted by **Prof. Raghavendra L.** Biodiversity Scientist, Professor and Head, Department of PG Studies, Research Methodology and Biostatistics, Dhanvantari Ayurveda College, Hospital & PG Research Centre, Siddapur (N.K.) Karnataka, India. And as a **chairperson Dr. R. S. Badere** Associate Professor, Post Graduate Teaching Department of Botany, Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur (MH) India.

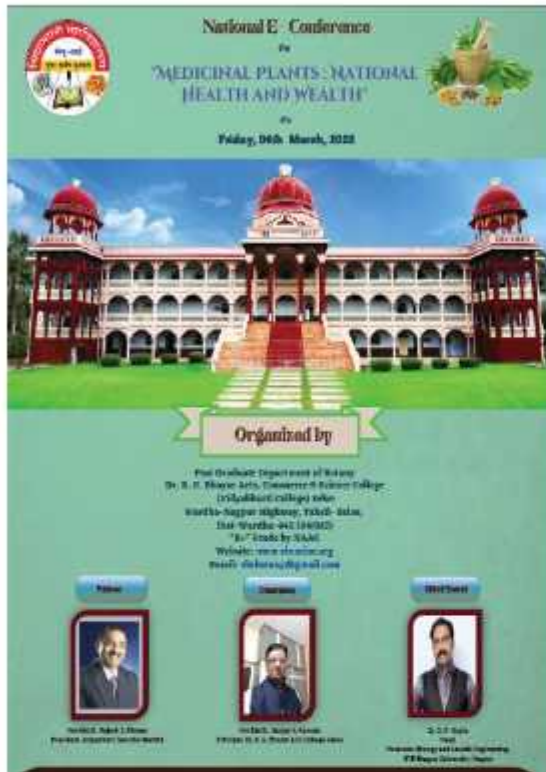

In the **Second technical session Hon'ble Prof. Raghavendra L. sir** enlightened the participants on the history of medicinal plants of India.

His presentation began with explaining the various field of medicinal plants, their importance in rural as well as in urban region. He also discussed in detail about the research conducted on medicinal plants. Medicinal plant provides the several benefits for the sustainable development. He concluded the session by discussing about the scope and uses of medicinal plants. His presentation was very much helpful to all the participants.

**Rapporteur, Dr. R. S. Badere** Associate Professor, Post Graduate Teaching Department of Botany, Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur, India has given the pleasant remark on the second technical session. He mentioned in his remark that **Prof. Raghavendra L. sir** present a wonderful presentation on medicinal plants, their importance, scope and the uses. It will definitely helpful to the researchers, teachers and stake holders to update their knowledge and skills specially located in rural/backward/ remote areas. The session was very interactive and informative for all the delegates. The session was ended at 1.30PM.

There were 512 enthusiastic participants in all including students, research scholars, faculties and industrialist who participated in the conference.

**Outcome:** The conference was highly informative and beneficial to industrialist, faculties, Research Scholars, students and stakeholders. In short, the conference is provided valuable awareness and Insight on the various aspects of medicinal plants for the national health and wealth.

### Invitation

All the principals, directors, professors, research scholars, students & other stake holders of Higher Education Institutions and Universities, from all over India are invited to participate in one day National E-conference on "Medicinal Plants: National Health and Wealth" on 04th March, 2022.

**About Conferences**

Medicinal plants contain valuable ethnomedical information that could navigate new drug discoveries. The biological resources such as plants, animals and microorganisms exhibit fascinating properties wherein their whole parts or derivatives can be used for social, economic, environmental, traditional medicines, scientific and chemotherapeutic purposes. Plants are used as bulk ingredients in traditional medicines which provide the primary health services to 80% of the world's population. During COVID-19 global financial and public health have become affected due to pandemic period. The current situation gives us the warning signal about scientific cooperation which is an important key while dealing with global public health issues. Hence the present Theme "Medicinal Plants: National Health and Wealth (MPTNW-2022)" is appropriate topic to put the ideas in the present scenario. The research in biological sciences is necessary in order to provide safe and abundant food supplies for the growing global economy with sustainable approach to protect our natural resources. The primary purpose of the present conference is to provide a platform to leading scientists, researchers, academicians, scholars and other holders to exchange and share their experiences and research findings on all aspects of medicinal plants.

**About College**

Dr. B. G. Bhoyar Arts, Commerce & Science College (Vidyaarthi College) has inspired by His "Shri Dr. Rajendra G. Bhoyar with their innovative vision and Noble Mission "Gyan-Sarvada Paripat" which established in 2008. The college is recognized under section 2(F) & 12 (B) of the GUC Act 1956, is affiliated to Rashtrasant Tukadoji Maharaj Nagpur University and accredited with 'B+' by NAAC, in 2017. Our institute is only in Seoni Tahsil, Dist-Wardha (Maharashtra), which gives service to rural folk to spread knowledge and provide quality education. This college is committed to impart quality education and to improve overall personality of the rural youths and make them to face the challenges of the competitive modern world. The college has Under Graduate Courses in all disciplines and Post Graduate in Botany, Zoology, Physics and Commerce as well as Research Centre in Commerce. The college has received Green Championship Award. The Institute has the Best Rural College and succeeded in earning a niche for itself in the field of education and has earned the trust and confidence of the society mainly because of its quality and value based education. The institute is located in rural area in Seoni and covers an area of 135 villages. The campus spreading its wings with natural environment.

## Wildlife week Celebration (2<sup>nd</sup> October to 8<sup>th</sup> October)

Wildlife week is celebrated all over the country in the month of October from 2<sup>nd</sup> to 8<sup>th</sup> October every year with the aim to preserve the fauna or animal life in the environment. Throughout the Wildlife week, people of all ages learn from experts through the seminars, lectures as well as hands-on workshops in order to become more closure to the nature. It is very necessary to save the wildlife because human progress is directly connected to the presence of reach heritage of wildlife.

Students are the most important aspects of understanding the means and purpose of celebrating the wildlife week. By celebrating this week students will be able to change the minds of entire human population towards conservation and to nurture the wildlife. During this week students actively participate in different activities and learn more about the wonders of nature.

**Program** – During this week department of Zoology and Microbiology jointly celebrated this week by engaging all faculty students in different activities. During this week following activities were scheduled on different days of the week, from 2<sup>nd</sup> October to 8<sup>th</sup> October.

- 1) 2nd October 2021 – Inauguration of the Wildlife week
- 2) 4th October 2021 – Quiz Competition on Wildlife.  
Link - <https://forms.gle/8Fu4pprLKbnbC8aW7>
- 3) 5th October 2021 - Wildlife Photography Competition.  
Link - <https://forms.gle/aoXvGQ9H1fsSFqcB7>
- 4) 6th October 2021 - Wildlife slogan or short poem competition.  
Link - <https://forms.gle/arrDKBeUnbjdGpAf8>
- 5) 7th October 2021 - Creative Writing on wild / rare medicinal plants.  
Link - <https://forms.gle/q25FLFnGjwYz2hD4A>
- 6) 8th October 2021 - Poster competition.  
Link - <https://forms.gle/hRwjowWDKUud5LAfA>

### **Outcome of the Program-**

- 1) Students learnt more things about the different wildlife animals by participating in activity of quiz competition.
- 2) Wildlife photography competition create interest in students for taking photographs of wildlife and understood the beauty of nature.
- 3) Number of students have hidden talent of making poems, so we encouraged students for making short poems or slogans on wildlife.
- 4) In wildlife environment there are number of wild herbs and plants whose medicinal properties are unknown to common people, so by the competition on 'Creative Writing on wild / rare medicinal plants', students get the knowledge for medicinal plants and their importance.
- 5) Students are always interested to make drawings and paintings of Nature, so we encouraged the students to participate in 'Poster competition' on Wildlife.
- 6) In all such activities total 101 number of students participated and we successfully inculcate the positive thoughts of conservation of Wildlife and Nature among the students.

*'Nanomaterial Synthesis, Characterization Technique and Applications '*

**Date: 8 Dec. 2021**

An online workshop has been organized by department of Physics in association with department of Physics Arts and Science College, Pulgaon and Indraprasth New Arts, Commerce and Science College, Wardha for Faculties, Researchers and Students. The aim of this workshop is to impart research skills to the beginners and give introductory knowledge on various nanomaterial synthesis methods, materials characterization techniques and Applications.

About more than four hundred participants including students, Researchers and Faculties throughout the Maharashtra and from other states also participated and enlighten by the experts Dr. Babasaheb Sankpal, Professor and Ex HOD, Department of Physics, VNIT, Nagpur and Dr. Smita Acharya, Professor and Director IQAC, Department of Physics, RTMNU, Nagpur

Dr. Sanjay Kanode, Principal chaired the inaugural programme, Dr. Vilas Hadge, Principal ACSC, Pulgaon and Dr. Ashish Sasankar, Principal, Indraprasth NACSC, Wardha were other dignitaries present for the workshop.

The convener of the program Dr. Prashant Chaudhari, Prof. Sonal Panchbhai, Organizing secretary Prof. Girish Tapare, Dr. Samir Bagade and Dr. Karuna Ganvir took efforts in successful organization of the program.
