Annual Report of the College 2021-22

About the Institute

Vision

The vision of institute is to inculcate good values in students and to make education more accessible to rural and backward class students of this region.

To create a class of intellectually, morally sound and committed citizens, who will become a human resource of high calibre, cater the need of society by taking into rapid changes in the global scenario.

Mission

- To create learning environment and knowledge based society.
- To create a teaching – learning environment conducive to the pursuit of higher knowledge, relevant skills and experience to rural and backward class students.
- To create research environment which will helpful for all round development of society.
- To include new developments in education into the curriculum so as to promote academic advancement leading to national development.
- To Sensitize students to socioeconomic issues (with a focus on gender and human rights) through curriculum inclusion and co-curricular activities.
- To promote awareness on ecological and environmental issues.
- To promote and develop the use of ICT learning while keeping global changes in mind.
