

# Women Cell

## Introduction

To provide equal status for women in the society, to reduce disparity and discrimination on the basis of sex or gender of a person, women cell is created at our college level. It has been clearly written in the preamble of the Indian constitution that there would be no disparity and discrimination on the basis of gender or sex of a person living in India.

The main purpose of our laws, developmental policies, planning and programs in our democratic set up is to empower women and to ascertain their participation in all activities. A clear difference can be seen between the theoretical and practical attitude in the context of women because women on account of being a women have to face domination by men as well as harassment on several accounts.

In order to make women more capable, competent so that they don't have to face any types of mental, physical and emotional difficulty at their work places, to create healthy environment in the institution, to increase her work efficiency this cell is constituted.

To check the incidents of the harassment of women at their working place, as per the directives given by our Hon'ble supreme court, the Government of India's Human Resource ministry has made it compulsory for all the institutions to create and establish special women cells. To fulfill this purpose all the Universities and their affiliated colleges have also been directed by the University Grants Commission (UGC) to create a healthy work environment and also check sexual harassment of the women.

Following Central Government's UGC's directions, a permanent Women Cell for looking after the problems and complaints regarding women as well as to create positive attitude in women it has been established in Vidyabharti College Seloo, Dist. Wardha.

Following are the members of Women's cell

Dr. K. P. Ganvir	Convenor
Dr. V. M. Niikose	Member
Mrs. Chinmai Panake	Member

## Objectives

- Moto of Women cell is not just the complaint redressal but upliftment of women and environment affecting women.
- The function of the cell are to purely safeguard the rights of female students, faculty and staff members of women and also to provide a platform for listening to complaints.
- Cell also tries to incorporate hygiene habits and ensure a healthy atmosphere in and around the college.
- Time to time the cell conducts seminars and lectures by specialists and eminent personalities to inspire, to develop positive attitude, to guide to become self dependent, about health and hygiene etc.
- Cell mainly focus to ensure personality development, to create positive attitude as well as academic development of students.

**Students Grievance & Redressal Cell**

As per the rules and regulations by UGC for the students. A Grievances Redressal Committee has been constituted in college. The Students' Grievance Cell is constituted for the redressal of the problems reported by the students of the College. This committee will deal with all the grievances of college students directly which are related to the problems both academic and administrative nature. The committee will deals with all genuine grievances of students of the college. Any kind of mental or physical harassment complaints The committee will held at least 2 meetings in a year to resolve the grievances. The cell was formed for redressal of students grievances, to solve their academic and administrative problems and to co-ordinate between students and college to redress the grievances.

**Objectives of the Cell :**

- To maintain healthy, secure and harmonious educational environment among the students and to maintain conflict free atmosphere in the College promoting good Student-Student relationship and Student-teacher relationship.
- To encourage the students to express their problems / grievances frankly and freely and without any fear.
- To resolve various personal and educational grievances of students and other stake holders.

**Complaint and Redressal mechanism:**

Suggestion or complaint box is placed outside the Principal's office in which the students, who want to remain anonymous, put in writing their grievances on various points like, office, library, college management, sports, and other facilities etc

Students who want to register complaint may contact the co-ordinator or any Member of Grievance redressal cell and should submit the complaints in written.

From this year Cell started to online grievance form the link to submit grievance is available on College website. So students can put their grievances in online mode.

The received written and online grievances are discussed in meeting of cell. Convenor and other members read the grievances in meetings in presence of principal sir, the complaints are resolve in presence of chairperson and all members. After discussion necessary action and appropriate solution is found out. Final report based on grievance received and resolved will be submitted to the Principal and further course of action will be decided.

As Per the letter रतुमनावि/सप/२३/१३११ on the date 27/07/2022, the Centenary Celebration Program of R.T.M.N University happened on August 4, 2023. This special event marked a hundred years of great education. They had a live show on YouTube and Facebook, where lots of people like teachers, students, and supporters could take part and enjoy.

Dr. R.G. Bhojar Arts, Commerce and Science College in Seloo, Wardha also celebrated everything began at 10:50 AM in a Seminar Hall, Where as the principal noticed a gathering of staff and students congregated to partake in the University Song. This resonating rendition aimed to in still a sense of unity and pride in the university's legacy, setting the tone for a memorable centenary celebration.

In the morning, everyone felt excited and happy. They remembered all the good things the university did in the last hundred years. The University Song played again, and it made people remember the old times and feel close to each other.

At 3:00 PM, a live streaming on the official YouTube and Facebook pages of the university. This was a new and smart way to celebrate because more people could be part of it, even if they were far away. People who used to study at the university could join too. They shared stories about how the university helped them and the society.

Our college did something important too. We put the live show on our college's Facebook page. This was great because it helped more people be part of the celebration. It made everyone feel connected and proud of our college.

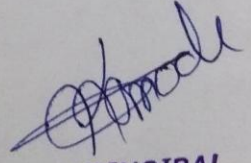

The Centenary Celebration on August 4, 2023, was a big success. It showed how good the university is for a hundred years. They did two things - one was meeting in a big room to sing the University Song, and the other was the online show. This was good because it showed that the university can change and include everyone. The celebration was not just about the past, but also about the future. It was a good time to learn and stay together.
